RANKING OF

INDIAN UNIVERSITIES

An Education Times - Gfk - Mode Study

RANKING PARAMETERS

The many factors that went into the ranking of the universities were:

1. General information and size of the University
2. Student community
3. Faculty Resources
4. Academics
5. Facilities
6. International exposure
7. Career opportunities
8. Infrastructure
9. Social & environmental responsibilities

Rank of Honour

The quality of a university is measured more by the kind of student it turns out than the kind it takes in"

- Robert J Kibbee

In many ways, the Ranking of Indian Universities, a one-of-its-kind initiative by Education Times and the GfK-Mode, is set against Kibbee's philosophy in the realm of education. India is heaped in history - from

the Nalanda University, called as "one of the first great universities in recorded history" to the more modern universities that are relevant to the times we live in - universities in India have many stories to tell. And all over the country.

These centres of excellence are simmering with quality education, state-of-the-art infrastructure, significant student communities, excellent faculty and an array of facilities. To a student who is striding

towards a successful career, the options and opportunities available are often mind-boggling. How then does he/she pick the best from the rest?

This ranking is a good start. Especially because it is a pioneering attempt to survey universities that specialise in Engineering, Medicine, Law, Agriculture and others in the country, and rank them across categories. Management as a category does not find a place in this survey, simply

because most management institutions in the country are standalone and not universities, per se.

The results of this study are astounding; there are some surprises while many prestigious universities have stood the test of time. Congratulations, winners! For those who participated and didn't make it to the top, there's always a next time. And well, for us at Education Times, this is just the beginning.

Education Times Engineering Top 10

Government	RANKING	Private
Indian Institute of Technology, Bombay	1	SRM University, Chennai (University)
Indian Institute of Technology, Kharagpur	2	International Institute of Information Technology, Hyderabad (Deemed University)
Indian Institute of Technology, Kanpur	3	Birla Institute of Technology, Ranchi (Deemed University)
Indian Institute of Technology, Delhi	4	VIT University, Vellore (University)
Anna University, Chennai (University)	5	KIIT University, Bhubneshwar (Deemed University)
National Institute of Technology, Tiruchirapalli (Deemed University)	6	Amity University, Noida (University)
Indian Institute of Technology, Roorkee	7	SASTRA University, Thanjavur (University)
National Institute of Technology, Warangal (Deemed University)	8	Jaypee Institute of Information Technology University, Noida (Deemed University)
National Institute of Technology, Surathkal (Deemed University)	9	Karunya University, Coimbatore (University)
National Institute of Technology, Calicut (Deemed University)	10	Institute of Technology & Management, Gurgaon (Autonomous Institution)

ITM IS THE ONLY PRIVATE AUTONOMOUS INSTITUTION TO BE FEATURED IN THE TOP 10 ENGINEERING UNIVERSITIES / COLLEGES. ALL OTHERS FEATURED IN THIS RANKING ARE UNIVERSITIES.
